

## Let's Learn about Your Role and My Role

Interprofessional Job Shadowing tool

| Items for <b>both</b> providers to discuss during the interprofessional job shadowing experience.   | Notes |
|---|-------|
| What does your typical work day look like?  |       |
| Are there other added responsibilities in relation to your role that you perform that the team may not be aware of? Please describe these added duties: |       |
| What are your areas of interest with respect to your practice?  |       |
| What does your assessment involve?  |       |
| Is your current professional role typical for that role? Please explain.  |       |
| Do you feel the team fully understands what your discipline can offer? Please explain?  |       |
| What areas do you find difficult or frustrating?  |       |
| How is information shared or communicated with the team?<br>E.g. Team meetings, rounds, email, phone etc.   |       |
| With respect to the above what is your preferred method of communication?   |       |

|   |  |
|---|--|
| <p>How do you feel the patient and family is part of the team?<br/>Please explain.</p>  |  |
| <p>Additional Questions you may have:</p>   |  |
|   |  |
|   |  |
|   |  |
| <p>In closing:<br/>Is there anything else that I should know that would help us<br/>work together better, so the patient can achieve their goals?</p> |  |
