

## Interprofessional Socialization; Dual Professional and Interprofessional Identity Model — A Research Study

**Movement towards Interprofessional Patient-Centered Practice requires development of both professional and interprofessional knowledge, skills, and attitudes; getting there requires development of a ‘Dual Professional and Interprofessional Identity’.**

Here is an opportunity for you to develop your **Dual Professional and Interprofessional Identity** through participation in this exciting new study.

### Who can participate?

Students in their 1<sup>st</sup> or 2<sup>nd</sup> year in any of the following program:

- **Food and Nutrition**
- **Medicine**
- **Nursing**
- **Occupational Therapy**
- **Physical Therapy**
- **Social Work**
- **Speech Language Pathology**

### How to Participate?

Send an email to [hkhalil5@uwo.ca](mailto:hkhalil5@uwo.ca) indicating your interest in participating.

### What would be my time commitment?

As a participant in this study, you would be asked to:

- **Complete an IPE program including:**
  - ❖ **2-hour introductory workshop**
  - ❖ **2-hour final workshop**
- **Complete a series of evaluation questionnaires**
- **May choose to provide a completed reflective journal**
- **May choose to participate in a focus-group session**

**The total required time might vary between 5-7 hours over 2-3 months.**

**For more information about this study, please contact:  
Hossein Khalili at 519-661-2111 Ext. 81510 or through  
Email: [hkhalil5@uwo.ca](mailto:hkhalil5@uwo.ca)**
